Village Square Welcomes Seven New Businesses to its Renovated Center

Sumits Yoga & Pisces Reef Fish Emporium Now Open

Settebello, Avery's Coffee & More Will Open Fall/Winter

LAS VEGAS – Village Square is proud to welcome seven additional new businesses to its thriving center. Some of those businesses are expanding from other parts of town such as Settebello while others such as Pisces Reef Fish Emporium and Avery's Coffee will provide a unique experience for Las Vegas. The new businesses also include Blow-n-Go, Orange Theory Fitness, Sumits Yoga and Xelement Music & Dance.

The seven newest businesses to call Village Square home join 13 other businesses that have opened their doors at the 250,000 sq. ft. outdoor retail, dining, entertainment and professional office space within the last 18 months. During this time Village Square has been undergoing an exciting renovation that has included realigning the parking lot, new contemporary façades, updated paint, lights, renovated landscaping and new signage. This month Village Square is installing new digital signs at the corner of W. Sahara Ave. and Ft. Apache Rd. along with debuting new furniture for the common areas where guests can enjoy a break from shopping, an ice-cream or coffee. The renovation has also included regular events during the holidays throughout the year as well as events to benefit local non-profits such as Three Square Food Bank. On November 2, Village Square will hold a beer festival "Brew Local".

"We are extremely pleased with the success of our redevelopment efforts and our ability to attract some of the best local businesses in Las Vegas. Village Square's transformation continues to provide a vibrant shopping and entertainment experience for the community," said Scott Chernoff, Westport Capital Partners, LLC.
